

# ENVIRONMENTAL POLICY

We at Mahindra Lifespaces are committed to minimise the adverse environmental impact arising from our activities and shall continually improve our environmental performance as an integral part of our business strategy and operating methods.

To deliver our commitment, we shall:

- Design our products so as to encourage reduced consumption of energy and water by the users of our products.
- Comply with environmental laws and regulations applicable to our business.
- Control and prevent the pollution of soil, water and air arising from construction activities.
- Reduce usage of fresh water during construction activities.
- Encourage waste minimization through- 'Reduce, Reuse, Recycle, Restore and Replenish' principle.
- Promote awareness amongst our employees to develop a resource conservation oriented work culture.
