

Mahindra World City bags global awards in Architecture and Design

The residential and social amenities zone at Mahindra World City, New Chennai, has bagged two international awards for the 'Mahindra World City' master plan from the American Society of landscape Architects (ASLA).

The Award for Excellence in the category of Planning, Research, and Communications is the highest level of recognition bestowed by the Society on a firm for work in the planning and design field in the United States. M/s HOK, USA, the proud recipient of this award is one of the world's largest architectural and planning groups. The other award bagged by HOK is the Award for Excellence in the category of Planning by the Central States Conference of ASLA, 2008.

Mr. Jeff Davis, Vice president, Planning Group HOK expressing his satisfaction said, "We are extremely proud of our work at Mahindra World City and we are pleased with the response that we've got from our peers in the field of planning and design for this work and it is an honour to be recipient of these two awards from ASLA. "

Mr. Arun Nanda, Executive Director, Mahindra & Mahindra Ltd said, "We at Mahindra believe in creating work and life spaces that are world class and seamlessly integrate with the natural surroundings they are set in. Mahindra World City, New Chennai is a clear demonstration of this and we are pleased that the master plan of this upcoming township created by HOK has received international recognition."
